P300Z

LED Zoom Profile Spotlight

Introducing the compact and stylish Zoom Profile Spotlight, perfect for small-scale installations like art galleries, small stages, and architectural lighting. Equipped with a reliable Epicor 300W LED chip and a high-quality lens that resists deformation, this spotlight is built for longevity. Its efficient heat dissipation ensures extended use without compromising performance. Easily install multiple units with various fittings and control them using a compact DMX lighting controller to create stunning lighting effects that will captivate your audience. It's truly awesome!

Technical Specifications

Input voltage	110 - 240V ac ; 50-60Hz
Power consumption	350W
Power Protection	Build In ISP (Incoming Surge Protection)
Light source	Epicor 300W High Power Led
Lifespan	More Than 50,000 hours
Color	CCT Tuneable WW+CW/ RGBW
Light dispersion angle	15° - 50°
Focal Length	Manually Adjustable
Power connection	Ring Looping
DMX connection	XLR 3 pin
DMX channel	3 channel/ 6 channel
Control modes	Sound activated/ auto play/ DMX Controlled
Display	Touch Screen LCD Display Panel
Working Temperature	-30° - 40° C
Body	Die Cast Aluminium
Protection grade	IP20
Dimension (WxHxD)	850 x 350 x 350mm
Weight	12 kgs
